# ABOUT LUXSA®

Design and technology for real zest for life.

With LUXSA®, we have created a comprehensive range of swimming pool fittings that impress with their top quality, standardised design and elegant details. Manufactured in **Switzerland**, our products offer exceptional **durability** that you can rely on for a **lifetime**. With the LUXSA®

product line and the specially developed **Press & Fix system**, we offer a complete range that combines safety and functionality with aesthetic appeal.

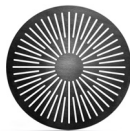

## LUXSA® Color

Our high-quality covers are now not only available in classic natural chrome steel, but also in six other colour variants: Gold, copper, bronze, black, anthracite-blue and anthracite-red. Thanks to the PVD coating, they are corrosion-resistant, scratch-resistant, easy to clean and UV-stable.

## LUXSA® product world

Elegant, simple and without visible screws.

Discover our entire range of products and immerse yourself in timeless design and Swiss quality.
